

All India Ophthalmological Society, the world's largest society of Ophthalmologists as life members, conduct its academic endeavors through its wing "Academic and Research Committee" (ARC).

ARC with a robust leadership of Dr. Partha Biswas assisted by vibrant team of Zonal members has many activities to improve the Academic and Research milieu of Ophthalmic India. Post graduate training, being the flagship program of ARC has a well structured activities to help the post graduate training. The most important of this being events involving the Teachers in Ophthalmic Institutions, who shape the future of ophthalmic Practice.

The teachers in ophthalmology" is a successful programme conducted centrally on the pre conference day and also has zonal conclaves which aims at sharing the best practices in ophthalmic teaching. ARC invites all the stake holders of ophthalmology teaching and pledge to rededicate itself for the cause of Ophthalmic training with inputs and support from all quarters.

15th July 2018

Teachers In Ophthalmology South Zone Conclave

Bengaluru,

Ophthalmology can pride in being amongst the most advanced fields of medical care.

Today teachers have challenge of not only updating themselves clinically to teach postgraduates to manage and treat the changing spectrum of eye ailments but also adapt advances in teaching methodologies.

On behalf of the Academic Research Committee of the AIOS , International Council of Ophthalmology and Karnataka Ophthalmic Society, it is our pleasure to host the South Zone Conclave for Teachers in Ophthalmology.

The intention of the conclave is to share best practices in teaching from across the spectrum of training postgraduates in ophthalmology and also to provide recommendations as we head into the next decade of education.

Dr. Partha Biswas
